SQUADRON ORDERED FROM KAMRANH BAY

Russian Admiral Must Leave French Harbor.

MUST KEEP OUTSIDE OF HARBOR

Japanese Authorities Claim to Have Absolute Evidence that Russians Are Using French Port for Warlike Purposes Against Them.

Paris, April 22.—1:35 p. m.—The foreign office received advices from St Petersburg this morning showing that the instructions sent to Admiral Rojestvensky, are positive and explicit and they must keep outside of the French waters.

The nature o fthe instructions is said to be such that Rojestvensky must observe them by strictly observing French neutrality or else subject himself to punishment from his government. Therefore the officials here feel that France has succeeded in securing the limit of what Japan can reasonably ask. The government awaited the reply of M. Beau, governor general of Indo-China, upon the exact locality of the Russian squadron and whether it is within or without French waters. His absence from his headquarters at Saigon may delay the governor general's reply, his last telegram showing that he was at a small point south of Hanoi, the capital of Tonquin.

Japs' Proofs Against France.

Tokio, April 22.—1 p. m.—The navy department has issued the following statement of indisputable witnesses who personally observed and report as follows about the second Russian Pacific squadron in Kamranh bay:

"Two cruisers, one with three masts and two funnels, of the Dimitri Donskoi class, the other with two masts and three funnels, were seen cruising inside the harbor. Two three-masted merchantmen and one-funnel steamer were anchored outside the northern entrance of the harbor.

Five vessels resembling battleships were anchored inside the harbor.

Two battleships with two masts and three funnels, flying admiral flags were anchored inside the harbor.

Six warships, anchored in single formation, lay outside the harbor off the southern entrance. Heavy smoke was seen rising inside the harbor. It is believed Admiral Rojestvensky is remaining in the harbor to clean his ships, coal and revictual them, prepare ammunition and receive fresh stores.

The Japanese newspapers continue their unfriendly comment of the French government over the Kamranh bay incident, despite the efforts of the conservatives towards repression pending the result of negotiations. Popular feeling is growing more intense.

The government continues to withhold the correspondence regarding the affair.

Vladivostok Objective Point.

New York, April 24.—A dispatch from Saigon to a newspaper of this city asserts positively that the Russian second Pacific squadron was still in Kamranh bay on Friday. The correspondent says the Russian vessels, which number about 50, are short of stores, and that France and German steamers, including the Eva and Dagmar, are carrying immense quantities of supplies from Saigon. The steamer Gridan has been sold for $60,000 to be used for conveying stores, and another steamer has been chartered for the same purpose.

The British steamer Hindu is unloading coal at Saigon, adding to a store of 45,000 tons already accumulated by Russian agents. Five colliers will convey this fuel to the squadron. Another Russian squadron consisting of seven battleships and cruisers (Vice Admiral Nebogatoff) is said to be expected hourly to join Rojestvensky. It is believed at Saigon that one portion of the Russian fleet will then go to meet the Japanese, while the other will make awide detour and endeavor to reach Vladivostok.

New Warships for Russia.

St. Petersburg, April 24.—The commission held by Grand Duke Alexander Michaelovitch which has already raised $5,000,000 by public contributions for the navy has announced its program. The vessels to be built are as follows:

Three cruisers of the Bayan type, four gunboats of the Gilitk type, ten river gunboats of 183 tons, several torpedo cruisers of 570 tons, one mine transport of the type of the Yenisei, 33 torpedo boat destroyers, torpedo boats and submarine boats, two of 297 tons and 29 of 350 tons, and ten coast defense vessels. The names of several ship destroyers at Port Arthur like the Pallada will be repeated and a number of the ships will be renewed after the deceased officers who distinguished themselves by individual efforts at Port Arthur. One of the cruisers will be named Makaroff.

DELCASSE WILL NOT RESIGN.

French Minister Yields to Entreaties of President Loubet.

Paris, April 22.—4:15 p. m.—M. Delcasse has informed Premier Rouvier that he will retain the portfolio of foreign affairs.

Paris, April 24.—Responding to the personal request of President Loubet, M. Delcasse went to the Elysee palace at 11 a. m., where he had an interview with the president which lasted half an hour. The discussion while bearing upon M. Delcasse's personal intention also embraced the general subject of France's foreign policy. The president urgently requested M. Delcasse to remain in the cabinet and although his final determination has not been announced, it is believed that M. Decasse will yield to the earnest solicitations and that an official solution of the situation will occur this afternoon.

Wants City to Own Gas Plant.

Chicago, April 24.—Immediate steps are to be taken by Mayor Dunne to urge upon the state legislature the passage of a bill which will enable the city of Chicago to engage in the manufacture of gas and compete with the lighting companies. Mayor Dunne said: "The gas company here has a perpetual franchise and the only way for the city to get municipal gas is to start in competition. As we have no enabling act for this purpose, I am anxious for the passage of such an act to permit the city to manufacture and sell gas."

Witness Kicked by Hargis.

Lexington, Ky., April 24.—The most important witnesses of the day in the Hargis case were N. S. Peters and J. B. Little. Curtis Jett, in the Cynthiana trial, said that on returning on the train to his home after that trial, James Hargis, armed with a gun, cursed and abused him for testifying, and threatened to kill him. He said that on leaving the train Hargis kicked him. Peters swore that immediately after the shots were fired that killed Cockrill he saw Hargis and Callahan in an upstairs window in the Hargis store, both armed with guns.

New Iron Furnace Started.

Birmingham, Ala., April 24.—The Woodward Iron company will be ready to light the fires in the new and third furnace, at Woodward, the first of next month. A battery of new coke ovens has been fired in preparation for this event. The company will then have a daily capacity of 200 tons of pig iron. The new furnace, trackage, coal washers, engines, etc., have cost the company $100,000. The Woodward is the richest independent iron maker in the south.

Tennesseean Froze to Death.

Nashville, April 24.—A Jackson Tenn., dispatch to the Banner says that the body of Claude Conger, a prominent citizen of this place, who disappeared on Dec 27 was today found in a pasture near this place. The evidence is conclusive that he froze to death on the night he disappeared.

ONE PERSON KILLED; FIVE SERIOUSLY HURT

Spectators Watching Circus Parade Panic-stricken.

HORSES BECOME FRIGHTENED

Run Into a Big Plate Glass Show Window, Scattering the Onlookers in All Directions and Trampling Them Under Foot.

Columbus, O., April 24.—One person is reported killed and five seriously hurt during a parade of the Sells-Forepaugh circus today by a team of eight horses becoming frightened and running into a store window, while the street was filled with people, who became panic-stricken and fled in every direction.

During the opening parade of the season of the Sells-Forepaugh circus today six gray horses attached to one of the closed animal wagons, became frightened at High and Gray streets and dashed into the front of the six story building occupied by the Howald Furniture company and Andrew Morden, jeweler, and causing a panic among the hundreds of women, men and children lining the streets. The animal wagon stopped at the street curbing, but the two leading horses dashed through two immense plate glass windows into the Howald store, where they reared and plunged until captured by police and spectators.

The team immediately behind struck an iron pole support to the store and were held fast. The front team was badly cut by the glass.

The seriously injured are:

Miss Nellie Bennett, aged 25, Grove City, O.

Raymond Howard Bennett, aged 10.

P. R. Shrum, 131 North Park avenue, leg broken.

BODY IN AMERICAN CHURCH.

Remains of Paul Jones, Founder of American Navy, in Vault.

Paris, April 24.—The body of Paul Jones was borne from the School of Medicine to the American church of the Holy Trinity on the avenue de l'Alma, and was deposited in the receiving vault to await the arrival of the naval squadron which is to carry it back to America.

The ceremony of the removal was attended by Ambassador Porter, Henry Vignaud, first secretary of the embassy; Colonel Bailly Blanchard, second secretary, and John K. Gowdy, consul-general at Paris. The Rev. Dr Morgan recited a prayer as the body was placed in the vault.

The body lies in the original coffin in which it was found April 14, in the old St. Louis cemetery. The coffin has been encased within a handsome oaken casket, around which a large American flag is draped.

Closed for Good Friday.

New York, April 24.—The sensational affair in a resort known as "Toby's Place," about a week ago in which one man was killed and two others severely stabbed, today resulted in an almost unprecedented condition in the Tenderloin. During the hours between 1 and 5 o'clock this morning, the period prescribed in the excise law, not a light was burning in any of the hundreds of places peculiar to that district. Saloons and Raines hotels, rathskellars and other similar resorts which for years had not closed their side doors day or night, had suspended operations completely. In every front window was a sign conspicuously displayed announcing that the place had been closed on account of Good Friday.

Two Strange Deaths.

Coshocton, N. Y., April 24.—George Ashcroft, a wealthy farmer, fell dead across the foot of his bed today when he arose to put extra covering over his wife, who had been ill. In less than three hours she, too, died from the shock. Both were born on the same day.

DISCUSS FREIGHT RATES.

New Orleans Want a Differential 10 Per cent.

New York, April 24.—At a meeting of high Atlantic Trunk line officers will be held Wednesday next to take up the question of import freight rates. There is considerable unsettlement said to exist over the present situation.

New Orleans roads are demanding permission to name a differential of 10 per cent under the Baltimore railroad rate on imported merchandise to Missouri and other points. The Baltimore rate ranges from 3 cents to 8 cents under New York's rate on the various class of freight so should the New Orleans contention be granted New York importers declare their position would be unfortunate. While no definite action is expected at Monday's meeting, those interested say that a free discussion of all the points involved will so clear the atmosphere that a committee may be appointed to take the matter up and prepare a definite compromise plan that all interests may be induced to accept.

DIED LIKE HIS SAVIOR.

Colorado Man Crucified and Dies in Great Agony.

Trinidad, Colo., April 24.—On the cross, just as the Savior died centuries ago, a fanatical member of the penitentes is reported to have died yesterday at Torres, Las Animas county, Colo. Several Trinidad people claim to have been among the eye-witnesses, but they agreed among themselves not to talk for publication, so the details are not yet known.

According to the report current here, however, the victim was nailed to a cross of his own formation and died in agony that he did not seem to feel, wrought as he was to a delirium of religious fervor. The story of the crucifixion is vouched for by Henry D. Robinson, an automobile agent of this city, who saw a crowd of Mexicans who had been eye-witnesses and were discussing the tragic scene. In the old days, so it is said, the carrying out of an actual crucifixion was not uncommon among the Penitentes.

Sully Case To Be Reopened.

New York, April 24.—MacGrane Coxe, referee in bankruptcy in the Daniel J. Sully case, has sent to Judge Holt, of the United States district court an opinion which, if approved by the court, will re-open the Sully case entirely and bring up for adjudication several imporant and lamost sensational points. The opinion is given upon the application of two sets of petitions, one from Edwin Hawley and Frank H. Ray, who had been sued by Sully's trustees in bankruptcy for certain sums alleged to have been lost through participation with Sully in alleged cotton pools and the others from creditors who are not members of the cotton exchange.

Will Hold Outdoor Meeting.

Columbus, O., April 24.—Superintendent of the American anti-saloon league P. A. Baker, announced today that the movement for public outdoor mass meetings on the Fourth of July at which speakers of prominence will address the people has met with pronounced success. Nearly every state in the union has reported in favor of the plan and some of the largest organizations of the Woman's Christian Temperance Union favor the project. The purpose of the movement is to eliminate drunkenness on the fourth and to eliminate the use of dangerous explosives.

Fleeing Woman Shot Dead.

Gainesville, Ga., April 24.—Jeff Morgan, a negro baker, shot and killed Jessie Roberts, also a negro, upon the front veranda of Judge A. M. Cochran's residence. He beat her fearfully at her home and she ran up the street begging him not to kill her. Judge Cochran's house being the nearest refuge, the woman attempted to escape from the man and was shot three times, falling dead upon the threshold of the home. Morgan was immediately arrested and the coroner's inquest charged him with murder. Numerous keys were found upon him and in his trunk.

GREAT DECLINE IN WHEAT MARKET

Net Loss of Over Eleven Cents a Aushel In One Day.

OFF 23 CENTS IN SIX WEEKS

It Is Estimated that One Firm Alone Sold Sold 1,500,000 Bushel—Sensational Scenes Are Erected On Floor of Exchange—Regained 2 Cents.

Chicago, April 24.—May wheat came down with a crash today below the dollar mark. Less than six weeks ago the price for the option was $1.21½. Today May wheat touched 98½ cents. Of this sensational decline of 23 cents, the net loss today was 11½c a bushel. The market reacted somewhat at the close, final quotations being at $1 even.

P. A. Valentine, of Armour & Co., was in the pit in person watching operations. It was estimated that 1,500,000 bushels of wheat was sold by one house alone, the greater part or all being generally believed to be "clique" wheat. Otherwise the selling was of scattered character.

The "clique" selling smashed the market for May to 102 before there was any sign of reaction. At this point, with a net loss of 8 cents a bushel, shown as compared with Thursday's close, the market rallied. May recovered to 1.04. While the fierce drive at May was in progress Valentine supported prices for July and September wheat, but without actually purchasing any tremendous quantity of either. As a result, the collapse in price was kept to May options.

Chicago, April 24.—In less than five minutes today the price of May Wheat fell 3 cents per bushel. Following the severe decline Thursday during the last previous trading, the break today was taken by many traders as further confirmation that the famous deal by John W. Gates in May wheat was practically at an end. At the opening May was off 1 to 2 cents at 108 to 109. Following almost immediately sales were made at 107.

In a short time the decline today amounted to 5 cents a bushel, equaling the total of Thursday's break. Intense excitement accompanied the sensational drop of prices, but compared with Thursday the volume of trade was relatively small. From 107 the price of May interruptedly declined to 105.

Endeavoring to Settle Strike.

Chicago, April 24.—A new peace movement in the teamsters' strike with Judge Murray F. Tuley as the arbitrator was taken under consideration today by the employers. The strike leaders as a result of negotiations carried on through Mayor Dunne agreed to submitall grievances to Judge Tuley and let him decide the issues. The offer included a waiver of all preliminary demands of the unions involved. President Shea, of the Teamsters' union, announced accordingly that a proposed spread of the strike would not occur today.

Senator Platt Passes Away.

Washington, Conn., April 24.—United States Senator Orville Hitchcock Platt, of Connecticut, died at his summer home in this, his native town, at 8.53 o'clock Friday night, from pneumonia. The end came almost unexpectedly, the immediate cause being the breaking of an abscess which had formed in the right lung and which produced strangulation. The funeral will probably be held Tuesday. The senator had been ill since March 31, having suffered a chill on the day of Senator Hawley's funeral at Hartford.

Saloon Fight Ends Fatally.

San Francisco, April 24.—A pitched battle was fought early today between two robbers and John C. Britt, a saloonkeeper. The encounter occurred in the latter's saloon. Thomas Kelly, a labor leader, who was in the saloon at the time, was killed by one of the bullets. Both robbers escaped.

SPECIAL ELECTION TO OCCUR TODAY

O'Neill and Colson Will Compete for Honors in City Council.

BOTH PROGRESSIVE CITIZENS

The Nominees Were Placed in Nomination by Their Friends, and Have Made No Fight, Feeling City Would be Well Off at Any Event.

Today will be election day.

Just think of that!

The idea of a city of the size and importance of Gainesville, a city that is trying with the utmost endeavor to secure a position in front of other cities in the same class in interior Florida, not wrangling over an election for the position of alderman of the great people of such an important town.

But there is a reason for this. This is a special election, called by the authority vested in the honorable mayor, for the completion of a vacancy caused by the resignation of C. C. Pedrick, one of the best, most conservative and most competent aldermen the city has ever had.

As is well known, Mr. Pedrick was honored a few months ago by the election of county commissioner from the Gainesville district. Mr. Pedrick has served the city faithfully for three years as councilman, and at the time of his election was holding an aldermanic position, on his second term. His friends, realizing his ambition and efficiency, determined to place him on a higher political plane, with the result that he now holds one of the most important offices in the county, and the most important in this city—that of county commissioner from this district.

Realizing that it would not be quite fair to the public to hold both positions, after his election as county commissioner Mr. Pedrick resigned as alderman. His resignation was accepted with regret, but inasmuch as he insisted upon the resignation, nothing was to be done.

Subsequently Dr. J. H. Colson and Edward A. O'Neill, two progressive citizens, were regularly placed in nomination for alderman for Pedrick's successor. A special election was called for today, and the result will be known shortly after sundown.

Both gentlemen are worthy, but, from past indications, neither is particularly aspiring for the position. It is an important position but a friendly fight, and both feel that the office in the hands of the other would be safe, and no sleep will be lost either way. The friends of the candidates brought them out, and it is a "battle among friends." The result either way will make no paticular difference to either the candidates or the people.

Mr. O'Neill is a progressive merchant. He is also chief of the Gainesville Fire Department, having been elected to succeed Chief A. J. McArthur upon the removal of that official from Gainesville. He is a young man full of energy, who has manifested a great deal of interest in the municipal welfare of the city, and will no doubt poll a good vote.

Dr. Colson is less well known here, merely because of the fact that he has not been so long a resident. He is a practicing physician of prominence, has recently purchased valuable property here, and has come to Gainesville to make this his home. He is a man of energy and ambition, and if elected will have in a municipal way, as he has in a private way, the interest of the city and the people at heart always.

Take your choice and mark your ticket.

North Gainesville Easter.

The good people of North Gainesville observed Easter in a most appropriate manner. In the afternoon, at the hall, the North Gainesville Sunday school held appropriate Easter services, and the program was most interesting, and it is needless to add enjoyed

In the evening the people of that suburb listened to an eloquent and appropriate sermon by Rev. Harvey Hart of Paradise, on "The Resurrection." The discourse was greatly enjoyed by the large congregation present.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." Mrs. Emma Sawyer, Conyers, Ga.

EASTER AT THE CHURCHES.

The Occasion Was Spent in Special Services, Which Were Enjoyed.

Easter was a beautiful day in Gainesville. All nature seemed to smile sweetly, with the result that large congregations filled the churches. It is said that the largest congregation ever assembled in the Methodist church congregated upon this occasion in the morning, when the pastor, Rev. T. J. Nixon, delivered a most interesting and impressive sermon on "The Resurrection." In the evening the Presiding Elder, Rev. F. R. Bridges, preached on the subject, "Development of Christian Character," from Hebrew 13:20-21 There was special music at this church, both services.

Rev. S. B. Rogers of the First Baptist Church delivered a fine discourse on "Called Back to Prison," which was listened to by a good congregation with a great deal of interest.

Rev Thos. P. Hay of the First Presbyterian Church delivered a good sermon to a large congregation, and services at other churches were impressive.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Governor Brody Defiant.

Washington April 24.—Secretary Hitchcock has received from Governor Brady, of Alaska, a letter in response to his request for an explanation of the governor's connection with a mining development enterprise which has been extensively advertised. The governor defends his ocmapny as legitimate, and does not manifest a disposition to resign either as governor or as a director of the mining company. Action will be postponed until the return of the president.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1 00 bottle. Sold by W. M. Johnson.

SKIN DISEASES SPEAK FOR THE BLOOD

Skin Diseases speak for the blood and tell of the acid-laden, poisonous condition of that vital fluid, and of its effort to throw off and rid the system of the poisons and waste matters that have accumulated in it. Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Boils and diseases of this type are all caused by a weakened and polluted blood circulation, and though they may have lain dormant in the system during the cold weather, at the coming of Spring and Summer, when the blood is reacting and making extra efforts to expel all morbid and poisonous matter, they make their appearance. External remedies cannot cure; they soothe and give temporary relief, but often clog the pores and glands, and the poison causing the trouble is thus shut up in the system to break out afresh later on. S. S. S., a purely vegetable blood remedy, cures all skin diseases by going down into the circulation, driving out all poisons and waste matters, strengthening the blood, leaving the skin soft and smooth, and building up the entire system by its tonic effect. S. S. S. cures Nettle Rash, Poison Oak and all skin diseases that enter the system through the pores and glands, as well as those that have their origin in the blood. Book on Skin Diseases and any advice wished, without charge.

In 1896 I experienced at times patches on the inside of my hands that itched and burned, causing much discomfort. I was convinced I was afflicted with a type of Eczema. I consulted several physicians, and used several external applications, receiving but slight temporary relief. I decided to try S. S. S., and soon I found myself entirely cured.

VISIT TO MIAMI.

One of the Busy Cities of the East Coast—Its Growth.

Having recently made a short visit to the Magic City on the East Coast—Miami—and being asked an opinion as to its future, my answer is, that with the class of men in business to be found there, one would be led to believe that its future prosperity is almost certain.

In the first place, Miami must be a delightful place to live, according to the statements given by all with whom I conversed, and it must not be such a desperate location, for the death rate is not unusually large. The city is pleasantly located at the terminus of the Florida East Coast Railway, with a line of passenger steamers to Nassau, N. P., Havana and Key West, and hundreds of small sailing craft arrive and depart, making transportation very convenient.

The city has a population of 3 500, and the suburbs outside of the circle included in the corporation has a sufficient number to bring the total to over 6,000. The streets are broad, well laid out and nearly all paved with a limestone that makes them "whiter than snow," and suited for every purpose, except perhaps looking on them with the naked eye on a sunny day, unless it be a newspaper man whose eyes are used to the strain in vainly looking for something bright.

The town has many hotels of the first class and boarding houses without number, while there is a demand for more to accommodate the tourist trade in winter. Halcyon Hall is the name of a handsome stone hotel now building and another will be erected, while others will make additions to their hostelries.

Two evening and one morning paper furnish the news of the city each day, and these are supported by the liberal advertisers of that city, who are out for trade all the time. The people are not there so much for their health as for business, and real estate is held very high all over the city, new additions being plotted in every direction, and one man contemplates laying out a summer residence town on Bulls Island across Biscayne Bay.

The city is supplied with excellent drinking water, electric lights, and will soon have a system of electric railways in operation, and the line will connect with many of the outlying villages.

This is the great grapefruit and vegetable region, and judging from the dozen or more commission men quartered at the Southern Hotel, the crops of that section are quite an item in the markets of the North.

Miami is said to be but nine years old, yet in that time it has made rapid strides in the forward movement. In talking with a merchant who had a very prosperous, though not the leading business, he said he attributed much of the success of the city to the use of printers' ink, and he used it freely in his business.

Many of the people in business there are young and active, and while it has a delightful location, Miami is not possessed of many more natural advantages than hundreds of other towns in Florida, but has a class of people that are full of activity, believe in the future of the city, and greet you with a glad hand when you arrive there.

In conclusion, there is another point in favor of Miami, which draws the people of the surrounding country to that city—good roads. You can jog a team with a heavy load along the highways, and a farmer ten miles distant can go to town and back with more ease and comfort than he could half the distance, if he had to plod through the sand. Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Off to LaFayette.

A. W. Taylor, who has secured a contract to survey an extensive tract of land for the Putnam Lumber Company of Wisconsin in LaFayette county, departed Monday for that section, where he will immediately begin his duties. While Mr. Taylor will require a large force to assist him, he only employed two men here, his son, A. W. Taylor, Jr., and William Adamson, who departed on the same train. The tract to be surveyed comprises many thousand acres, and about two months will be required to complete the work. It is one of the largest contracts ever let in this State to a private concern.

SUMMER RESORTS DAMAGED.

Places Along North Atlantic Coast Are Swept by Severe Storm.

New York, April 24.—Considerable damage has been done at the Beach resorts and the city by a severe storm that swept over northern New Jersey, southern New York and Connecticut. Lightning and wind destroyed considerable property at Coney Island, where preparations are being made for the summer season.

At Long Branch, N. J., damage amounting to $10,000 was done in several minutes. Several people had narrow escapes from falling timbers.

In Mount Holly, N. Y., the storm took the form of a cyclone sandstorm, which was followed by drops of rain of extraordinary large size. Trees, fences and outbuildings were toppled over and goods displayed in front of stores were scattered in all directions. Fifteen minutes later the sun was shining.

General Batinoff says "the Japs are tricky." Suppose he means they got the odd trick.

Joseph Jefferson, the venerable actor, died at his winter home at Palm Beach Sunday night.

To the Northern tourists in our midst: Read the weather reports before you pack your grip for home.

A few more electric street lights in different portions of the city would be of much convenience to pedestrians.

The war news of the past week has not been sufficient to keep the numerous strategy boards at their desks.

It is hoped that the battleships will soon leave Pensacola, so that the Legislature can get down to business.

Rojestvensky says: "If this be treason, make the most of of it; but, as for me, give me neutrality in preference to hostility."

The apple without a core will be an attraction at the Portland, Oregon, fair. It has no seeds, and the codling moth will not trouble it.

Atlanta will have a May musical festival. An auction sale of city lots was held in time for the leading baritone to test his voice for the festival.

The investigation going on must be costing the beef trust some money, as it has made an assessment to meet expenses—raised the price of meat.

The Jacksonville Times-Union is making a special feature of legitimate sporting news, and its reports of the baseball games are sought by the fans.

Some of the papers that favor government ownership of railroads are kicking quite hard because the government owns a print shop and does a little job printing.

Good roads will have a tendency to hurry up the free rural mail delivery in this State. In some places the distances generally allotted carriers could not be covered in time on account of the heavy roads.

The industrial developments in the South for the first half of the current year will surpass all previous records. There is also a wonderful diversity of industries, and the figures are swelled by the new fuel and lumber companies.

Several of our State exchanges speak in highest terms of praise of the reception given members of the Odd Fellows' order, at the meeting of the Grand Lodge in Gainesville last week. They assert that the beauty of Gainesville is only exceeded by the hospitality of its people.

The Republicans realize that there is need of an increased revenue, but dislike the idea of increasing the tax on beer and whiskey, owing to their ever watchful care of our infant industries. Hence a tariff advance on tea and coffee will be shared by the whole people and at the same time maintain their devotion to the cause of protection.

EAST FLORIDA SEMINARY.

The bill before the Legislature asking for State aid for the East Florida Seminary in this city is certainly a most deserving one and should be wisely considered by our State solons, as it is a recognition of one of the most carefully conducted institutions of learning in the State of Florida, which is rapidly advancing along this line.

There are many points in favor of this school, which are apparent to all: The location of Gainesville in the healthiest portion of Florida, where all are free from infectious diseases of any nature; the pure water with which the city is supplied, and the moral atmosphere of the city, which is free from any resorts which have a tendency to allure our young men and women from the path of rectitude.

Another notable feature is the high educational qualification and moral standing of the faculty of the Seminary. Each member is devoted to the work in hand, and the interest manifested in the students and the moral influence given forth, cannot help but arouse the nobler ambitions of those who are seeking knowledge at their hands, and excite in them an effort to attain the highest gifts to be enjoyed by a thorough and practical education.

Other schools may be seeking the same noble ends, but the East Florida Seminary we are familiar with, hence have no hesitancy in singing the praises it so richly deserves as an institution of the higher education of those seeking after this end—a credit to Florida.

GOOD MR. ELKINS.

Few people realize the tender sympathy the great Senator Elkins has for the people. His conduct causes much alarm among his friends, lest his noble heart cease to best for suffering humanity. A Washington correspondent says:

"The Senate committee on interstate commerce has gotten to work and is holding daily hearings on the subject of railway rate legislation. As a starter Senator Elkins, chairman of the committee, invited nearly fifty railway men to appear before the committee and testify as to why the government should not attempt to fix railway rates. When the railroad men have concluded their testimony 'such others as may desire' will be at liberty to testify. To the unprejudiced observer it will appear as if the committee was more anxious to hear the railway men than the opposition. Of course the railway men who come to Washington will have all their expenses paid by their companies and their salaries will go on just the same, while the shipper or other opponent of the present system must come here at his own expense, often leaving his business to suffer in the meantime."

The guile of this great and good man is enough to cause a smile of derision on the countenance of any who know his methods.

The meeting of the American soldiers of '61-65, the Blue and the Gray, to be held at Washington, D. C., May 11th and 12th, will bring together the survivors of the two greatest armies that were ever drawn up in line of battle, the armies of citizen soldiers who faced each other in one of the most desperate struggles ever known to history. And the best of all is that these brave soldiers of the two contending armies meet at this time as brothers, in a united country, with all imaginary sectional lines obliterated, ready to stand shoulder to shoulder in defense of their common country. We are too busy now, and we hope too sensible to hold anything but a brotherly feeling for our friends of the North, and the South is every day manifesting this feeling toward those who come into our midst to recuperate their failing health.

Drummer Jumps Out of Window.

Birmingham, Ala., April 24.—A special to the News from Hattiesburg, Miss., says that W. H. Wilhelm, a Chicago drummer, under the impulse of excitement, leaped from the third story of Weidmann's hotel this morning, broke his leg and sustained injuries which are expected to prove fatal. Before leaping from the window Wilhelm beat his nurse, Henry Gross, into insensibility with a chair and both were taken to the hospital together. Wilhelm has a family in Chicago.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The industrial developments in the South for the first half of the current year will surpass all previous records. There is also a wonderful diversity of industries, and the figures are swelled by the new fuel and lumber companies.

Several of our State exchanges speak in highest terms of praise of the reception given members of the Odd Fellows' order, at the meeting of the Grand Lodge in Gainesville last week. They assert that the beauty of Gainesville is only exceeded by the hospitality of its people.

The Republicans realize that there is need of an increased revenue, but dislike the idea of increasing the tax on beer and whiskey, owing to their ever watchful care of our infant industries. Hence a tariff advance on tea and coffee will be shared by the whole people and at the same time maintain their devotion to the cause of protection.

EAST FLORIDA SEMINARY.

The bill before the Legislature asking for State aid for the East Florida Seminary in this city is certainly a most deserving one and should be wisely considered by our State solons, as it is a recognition of one of the most carefully conducted institutions of learning in the State of Florida, which is rapidly advancing along this line.

There are many points in favor of this school, which are apparent to all: The location of Gainesville in the healthiest portion of Florida, where all are free from infectious diseases of any nature; the pure water with which the city is supplied, and the moral atmosphere of the city, which is free from any resorts which have a tendency to allure our young men and women from the path of rectitude.

Another notable feature is the high educational qualification and moral standing of the faculty of the Seminary. Each member is devoted to the work in hand, and the interest manifested in the students and the moral influence given forth, cannot help but arouse the nobler ambitions of those who are seeking knowledge at their hands, and excite in them an effort to attain the highest gifts to be enjoyed by a thorough and practical education.

Other schools may be seeking the same noble ends, but the East Florida Seminary we are familiar with, hence have no hesitancy in singing the praises it so richly deserves as an institution of the higher education of those seeking after this end—a credit to Florida.

GOOD MR. ELKINS.

Few people realize the tender sympathy the great Senator Elkins has for the people. His conduct causes much alarm among his friends, lest his noble heart cease to beat for suffering humanity. A Washington correspondent says:

"The Senate committee on interstate commerce has gotten to work and is holding daily hearings on the subject of railway rate legislation. As a starter Senator Elkins, chairman of the committee, invited nearly fifty railway men to appear before the committee and testify as to why the government should not attempt to fix railway rates. When the railroad men have concluded their testimony 'such others as may desire' will be at liberty to testify. To the unprejudiced observer it will appear as if the committee was more anxious to hear the railway men than the opposition. Of course the railway men who come to Washington will have all their expenses paid by their companies and their salaries will go on just the same, while the shipper or other opponent of the present system must come here at his own expense, often leaving his business to suffer in the meantime."

The guile of this great and good man is enough to cause a smile of derision on the countenance of any who know his methods.

The meeting of the American soldiers of '61-65, the Blue and the Gray, to be held at Washington, D. C., May 11th and 12th, will bring together the survivors of the two greatest armies that were ever drawn up in line of battle, the armies of citizen soldiers who faced each other in one of the most desperate struggles ever known to history. And the best of all is that these brave soldiers of the two contending armies meet at this time as brothers, in a united country, with all imaginary sectional lines obliterated, ready to stand shoulder to shoulder in defense of their common country. We are too busy now, and we hope too sensible to hold anything but a brotherly feeling for our friends of the North, and the South is every day manifesting this feeling toward those who come into our midst to recuperate their failing health.

Drummer Jumps Out of Window.

Birmingham, Ala., April 24.—A special to the News from Hattiesburg, Miss., says that W. H. Wilhelm, a Chicago drummer, under the impulse of excitement, leaped from the third story of Weidmann's hotel this morning, broke his leg and sustained injuries which are expected to prove fatal. Before leaping from the window Wilhelm beat his nurse, Henry Gross, into insensibility with a chair and both were taken to the hospital together. Wilhelm has a family in Chicago.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Georgia College Wins Debate.

Charlotte, N. C., April 24.—The representatives of Emory college, of Oxford, Ga., won the debate with Trinity college at Durham Friday. This is the third debate, and much interest was felt in the outcome. The query was: "That is should be the policy of the United States to confine itself to the government and ownership of territory included in North America and adjacent islands." Emory was for the affirmative and was represented by H. S. Strozier and R. N. Parker. Trinity for the negative, by E. F. Lee, and E. O. Cole.

Prevent
As Well As Cure
Headache

If subject to headache, take Dr. Miles' Anti-Pain Pills when you feel the first indication of an attack, and you will find that they rarely ever fail to stop further progress.

Pain weakens the nerves, and the longer you suffer, the more frequent will be the attacks.

On the contrary, if the nerves are relieved of this weakening influence, the attacks will be less frequent, and finally disappear altogether.

Dr. Miles' Anti-Pain Pills contain no opium, cocaine, morphine or chloral in any form. They are absolutely harmless if taken as directed, and will have no other effect, except to drive out the pain.

"Dr. Miles' Anti-Pain Pills are all right and I can recommend them to any one in need of a remedy for headache, neuralgia, or pain of any kind. My health is not very good, and I am subject to frequent attacks of severe headache, but since I began taking Dr. Miles' Anti-Pain Pills I do not suffer from that trouble as I used to. They never fail to give relief in a few minutes, and if taken promptly on the approach of headache will prevent an attack from coming on. Pain Pills prevent, as well as cure."

VISCOUNTESS COMMITS SUICIDE

Shoots Herself During Religious Ceremonies In Cathedral.

New York, April 24—In the midst of a great throng attending Good Friday ceremonies in the great Cathedral, the Marchioness Maria Pallavicini, viscountess of Trent, Austria, has committed suicide by shooting, cables the Milan correspondent of The American. The circumstances were so intensely dramatic and extraordinary as to be unprecedented.

The suicide of the marchioness occurred at a moment of the most intense religious concentration in the great Cathedral where gathered with the Catholic worshippers. The congregation was kneeling when a shot rang out.

An Austrian priest hurried to the side of the countess and found her dying with a wound in her forehead. Her death occurred a few moments later while she was on the way to a hospital. The marchioness was renowned through the Italy for her great beauty. She was not yet 30 years of age. Domestic unhappiness following separation from her husband is supposed to have been the cause of her suicide.

A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

PHIFER BROS.,

Phifers' Corner, Gainesville, Fla.

After a pleasant visit of several weeks in this section, Captain John Ware of North Carolina has returned to his home. Captain Ware is well pleased with Gainesville, and expects to return early next season. He has spent the past few years in St. Petersburg, but seems in this climate to find a relief which is pleasant, and proposes in future to call Gainesville his winter home. He will be gladly welcomed here as a winter resident.

In mentioning the departure of Mr. and Mrs. F. C. Buell Sunday morning, The Sun stated that they had returned to their home at Sampson City. This was an error of the compositor, who omitted a part of the item, which should have read, "departed for their home in Sanford, via Sampson City." Mr. and Mrs. Buell spent a very pleasant time here as the guests of Mr. and Mrs. C. H. Buell, and made many friends who will be glad to welcome them again.

The members of Kirby Smith Chapter, U. D. C., are requested—and friends who might be interested—are invited to meet at the residence of Mrs. J. N. Strobhar, on Tuesday morning, April 25th, at 9 o'clock, where laurel wreaths for the graves of the Confederate Veterans will be made for Memorial Day. The chapter will assemble at the residence of Mrs. J. F. McKinstry, Jr., at 4 o'clock in the afternoon, Wednesday April 26th, where carriages will be ordered to carry the members of the chapter to the cemetery. Kirby Smith earnestly solicits the contributions of flowers from members and friends of the chapter. A committee will be prepared to receive any floral offerings on Wednesday at the home of Mrs. McKinstry.

Sheriff L. W. Fennell has returned from Pensacola, where he went to take into custody a colored man by the name of Tom Johnson, charged with assault with intent to murder. The alleged attempt was made in Alachua county about six months ago. The negro was arraigned before a justice of the peace, when he was required to give bond for his appearance at the spring term of the circuit court for Alachua county. He secured the bond, was released, but at the proper time did not appear, and the grand jury returned a true bill against him. He was located in Escambia county, and was arrested by the authorities of that county by instruction from Sheriff Fennell. Johnson is now in jail, and will be arraigned at the next term of the circuit court.

An Omission.

The committee from Center Lodge No. 11, I. O. O. F., in the mention of thanks to various parties for courtesies to visitors at the Grand Lodge, unintentionally overlooked Messrs J. A. Goodwin, ticket agent of the Atlantic Coast Line, and Jos. A. Ettel of the Brown House, for their kindness. The courtesies of these gentlemen are greatly appreciated, and will be remembered not only by the committee, but the visitors.

Attention, K. of P.

The regular weekly meeting of Mt. Vernon Lodge No. 20, Knights of Pythias, will be held at the castle hall this evening at 8 o'clock, at which a full attendance is desired. Visiting brothers will receive a cordial welcome.
